

# Louisiana Agriculture & Forestry Today

## Disaster assistance available for catfish farmers

Agriculture and Forestry Commissioner Bob Odom urges Louisiana catfish producers who suffered losses due to hurricanes Katrina and Rita and any other eligible federal disasters to sign up for a newly announced catfish feed assistance program.

Losses must have occurred between January 2, 2005, and February 27, 2007.

Eligible losses include physical loss of feed that was damaged or destroyed, increased

feed costs and costs associated to lost feeding days.

"Catfish producers nationwide are eligible for \$25 million in disaster assistance," Odom said. "Louisiana's share will be determined by USDA's Farm Service Agency after all applications are filed."

Distribution of the federal funds will be coordinated by the Louisiana Department of Agriculture and Forestry with assistance from the Farm Service Agency, LSU AgCenter,

Louisiana Farm Bureau Federation and Louisiana Catfish Farmers Association.

"All of the pertinent information will be available on the department's Web site Monday September 17, including an application form and IRS W-9 form," Odom added. "It's important that our catfish producers take a minute to read through the information carefully before submitting their application. I don't want anyone who is eligible to miss out on

recouping his or her losses."

All applications must be submitted to LDAF by October 12, 2007, with a completed, signed and dated IRS W-9 form.

Eligible producers may receive up to \$80,000 for their losses.

Anyone needing assistance or having questions regarding the assistance program should contact Roy Johnson at 225-922-1280. To download the application form and IRS W-9 form, visit [www.ldaf.state.la.us](http://www.ldaf.state.la.us).

**Bob Odom,**  
Commissioner

### CATTLE
